Standard Medium Power LED Stripe

- hohe Leuchtdichte, Einbau nur mit ausreichender Wärmeabführung
- Einsatz: Allgemeinbeleuchtung, Einbau in Leuchtenprofil, Lichtvouten, indirekte Beleuchtung

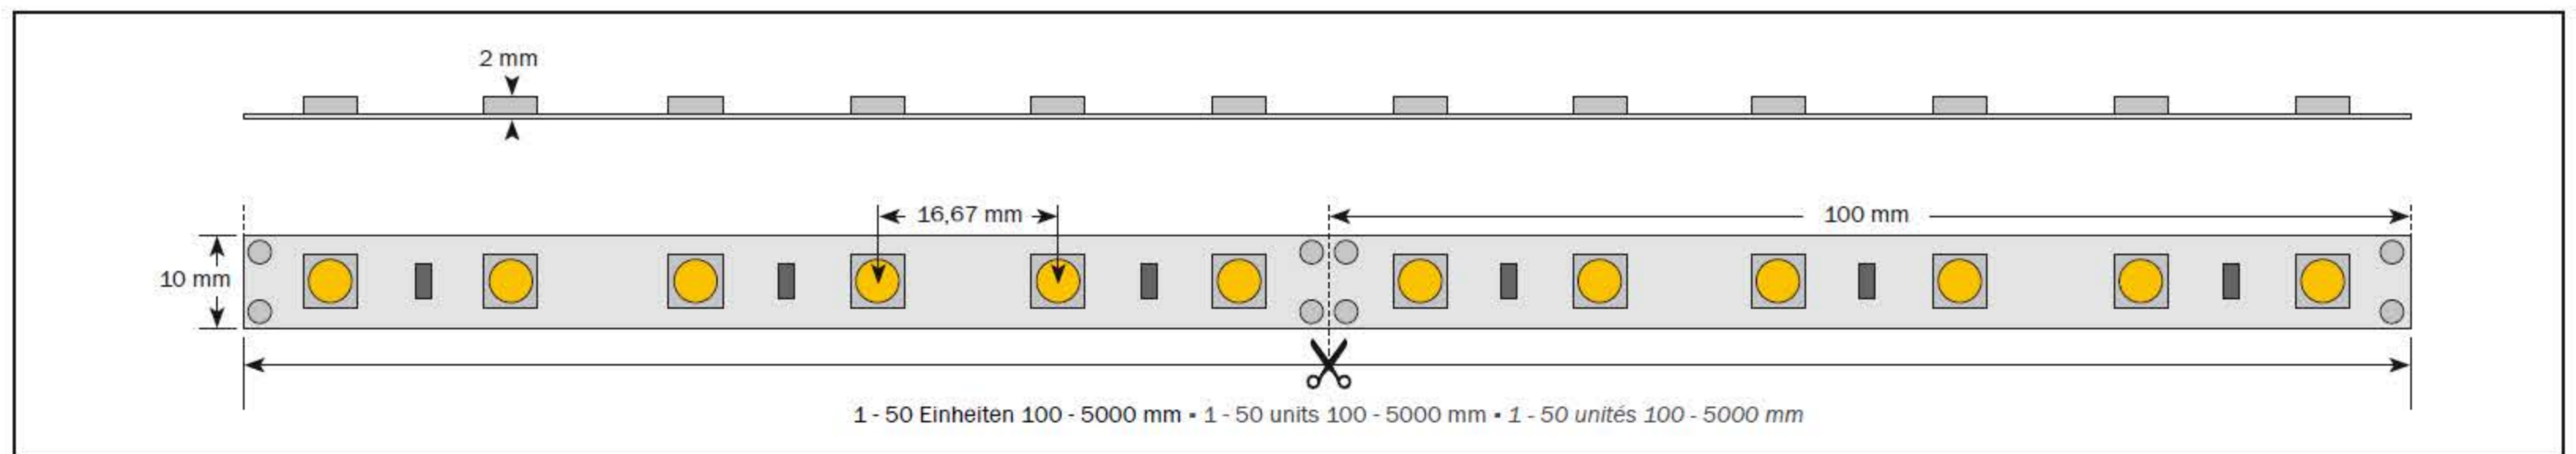

- high luminance, installation only with sufficient heat dissipation
- Application: general lighting, incorporation in light profile, coved lighting, indirect lighting

- luminance élevée, intégration uniquement avec une dissipation suffisante de la chaleur
- utilisation : Éclairage général, intégration dans un profil de luminaire, voûtes des lumières, éclairage indirect

24 V DC
12 W/m
60 LEDs/m
100 mm
Pitch 16,67 mm
